

Oranges - Easy Peelers

There are several different varieties of 'easy peelers' which are available from October through May. The nickname "easy peelers" specifically includes **mandarins** and **tangerines**. They are a relatively small sized fruit, sweet tasting with a loose thin skin making them easy to peel. These are a convenient and popular snack with adults and kids.

Tangerines are available October through May. These typically reach their peak availability at Christmas time. This particular variety has a few small seeds in each segment.

Tangerine Availability

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
California									✓	✓		

Fairchild/Satusuma
